Witch Circle

single + music video

« I really liked everything about it. It's perfect. » – Tannus Estúdio « Really well done! »
– NewAir « something strange, eerie and haunting that I like. The voice sounds possessed, which fits in well with the song's title. » – Adopte Un Disque « Super creative and inspired. Makes me think of Björk » – E.Pelosoff « This is so cool wow. one of my favorite productions I've heard this week. very cool album mix. interesting » – RashBash
« Another awesome song. I enjoyed the music arrangement. The different electronic sound designs were amazing. You sang beautifully and you sounded so mesmerising and hypnotic. You hit those high notes so effortlessly. It was awesome. The melody and rhythm was amazing. I thought the chorus was catchy. It was also well produced. The beat was so cool in fact this song was a bit haunting. I loved it » – Music Connoisseur

This single and music video introduces their third album *Fairytales*, due this Fall. While the whole project is about magic and feminism, *Witch Circle* in particular focuses on sisterhood, solidarity between women, and the symbol of women's power : witchcraft. This new project is more personal than ever, more intimate about their inner thoughts and secret garden...

Faithful to their electro rock style, they are compared to Portishead and Björk's artpop, Rita Mitsouko and Kate Bush.
