Feedback on Fairytales, the album introducing EAU :

« I really liked everything about it. It's perfect. » – Tannus Estúdio

« Really well done! » – NewAir

« something strange, eerie and haunting that I like. The voice sounds possessed, which fits in well with the song's title. » – Adopte Un Disque

« Super creative and inspired. Makes me think of Björk » – E.Pelosoff

« This is so cool wow. one of my favorite productions I've heard this week. very cool album mix. interesting » – RashBash

« Another awesome song. I enjoyed the music arrangement. The different electronic sound designs were amazing. You sang beautifully and you sounded so mesmerising and hypnotic. You hit those high notes so effortlessly. It was awesome. The melody and rhythm was amazing. I thought the chorus was catchy. It was also well produced. The beat was so cool in fact this song was a bit haunting. I loved it » – Music Connoisseur

The song

This song follows Fairytales, Dame Zina's 3rd album all about magic and feminism. It will be released in winter, with a music video all about coldness, as « eau » is French for « water ».

This new album is more personal than ever, more intimate about Dame Zina's inner thoughts and secret garden... But Eau particularly explores emotions and the depths of human sensibility.

Faithful to their electro rock style, they are compared to Portishead's intimacy, Björk's artpop, Rita Mitsouko's craziness and Kate Bush's high pitches. Always exploring different styles, the album and this single have touches of electro, artpop, synthpop, experimental and industrial rock.

Dame Zina

A daughter/father French duo, Dame Zina writes and sings, Y composes, plays, writes and produces. They write in English and French on what matters to them: feminism, freedom and emotions. After a first album in 2020, they continued with a wave of pop, rock and electronica singles and EPs in 2022 and many videos, and a 2nd album of original songs and remixes in 2023. And for remixers, all the stems are free to download (remix.damezina.com).
